SUMMARY

I'm a passionate ASP.NET Full Stack Developer focused on building scalable and secure web applications using .NET Core, C#, Entity Framework, AngularJS, and SQL Server. I specialize in developing high-performance solutions and enjoy working with RESTful APIs, microservices, and modern UI frameworks. I'm currently exploring new opportunities in enterprise software development and cloud-based .NET platforms.

TECHNICAL SKILLS

- Programming: C#, JavaScript, Python
- Frameworks: ASP.NET MVC, ASP.NET Core MVC
- Front-End: HTML5, CSS, jQuery, Kendo UI, Bootstrap, AJAX
- Databases: Entity Framework, Microsoft SQL Server, Oracle
- Tools: Visual Studio, GitHub, Docker, Azure DevOps
- APIs: RESTful APIs, JSON
- Data Access: ADO.NET
- Programming Concepts: Object-Oriented Programming

SOFT SKILLS

Time Management, Project Management, Adaptability, Conflict Resolution, Leadership, Teamwork, Communication, Analytical Thinking, Innovation.

WORK EXPERIENCE

Senior Programmer

Square InformatiX Ltd., Dhaka, Bangladesh (01/2014 - 08/2024)

- Developed object-oriented systems with C#, ASP.NET, and HTML5.
- Delivered enterprise-grade web applications and services.
- Implemented security measures aligned with industry standards.
- Provided technical support and resolved application issues.
- Designed and maintained CI/CD pipelines using Azure DevOps and Jenkins for automated testing and deployment.
- Containerized legacy .NET applications using Docker to improve development efficiency and deployment consistency.

EDUCATION AND TRAINING

University of Vienna, Vienna, Austria, 10/2024 - Present
Master's degree in Computer Science

Southeast University - Dhaka, Dhaka, Bangladesh, 04/2013
Bachelor's degree in Computer Science and Engineering

KEY PROJECT

- Electric Doctor Call Record (C# (Server Side), Oracle, ASP.NET Mvc, Web API)
- Point of Sales Application (JavaScript, C#, Oracle, ASP.NET C#,GitHub)
- Expense Tracker (C#, ASP.NET Core, Dapper, Web API, Syncfusion, CI/CD Pipeline with Azure DevOps)
- Market Research System (C#, Oracle, ASP.NET, Oracle, Kendo Grid UI)
- Sales Process Automation (C#, Oracle, ASP.NET MVC, Oracle, Kendo Grid UI)
- Pharmacy Management System (C#, MSSQL, ASP.NET Core, Dockerized deployment, Data Table Grid)
- SQUARE Visitor Management System (C#, Oracle, ASP.NET Core MVC, Data Table Grid, GitHub)

CERTIFICATIONS

- Object Oriented Programming (OOP) ASP.NET (C#) Track June 2013-August 2013
ID Number: OOP014216
- Basis (Bangladesh Association of Software & Information Services) Batch: OOP 42
- Windows Containers with Azure DevOps CI/CD Pipeline by School of Devops, Gourav Jawahar Shah
